

FLOOR PROTECTION

WE BUILD **AMERICA**™

The Grip-Rite Floor Protection series includes a complete offering of surface protection – traditional light and medium duty foot traffic protection, heavy duty, spill blocking paper and vapor permeable board that can withstand forklift traffic. Our new Contractor Grade Synthetic Floor Protection levels up to absorb liquids and is reusable from job to job. For any floor protection job, Grip-Rite has you covered...literally!

PRODUCTS INCLUDE:

- Brown Rosin Paper
- Medium duty
- Heavy Duty Builder's Paper
- Builder's Board
- Contractor Grade Synthetic Floor Protection

NEW!

Contractor Grade Synthetic Floor Protection

GRPFLC4082

Our revolutionary (and reusable) Contractor Grade Synthetic Floor Protection – made from recycled materials with a non-skid backing and liquid absorbing properties – is experiencing unprecedented demand from professionals and DIYers alike. Quality and value at all levels of surface and spill protection from a brand you know and trust. Get the job done right with Grip-Rite.

SEE IT IN ACTION

Grip-Rite Titan Contractor Grade
Synthetic Floor Protection

Brown Rosin Paper

GR3614LDBR

GR3616LDBR

GR7216LDBR

Grip-Rite Builder's Paper is used to protect the surfaces of tile, hardwood floors, doors, windows, and cabinets from paint, dirt, spills, and other debris that all occur during the final stages of construction, moving, or home projects.

Red Rosin Paper

GR3614LDRR

GR3616LDRR

GR7216LDRR

When it comes to surface and floor protection, Grip-Rite's Red Rosin paper is a logical choice for contractors. Our professional grade dyed paper will protect a wide range of surfaces including hardwoods, vinyl, laminate, concrete, carpet and for most interior projects. Grip-Rite Red Rosin will serve as a temporary moisture barrier and is made of 100% recycled material as an added benefit. Get the job done right with Grip-Rite.

Builder's Board

GRPFLC4032

Water shield technology, Repels water, mud, paint, and more. Lays flat and fast. 100% recyclable. Re-usable. Contributes toward satisfying credit MR 2 under LEED®. Vapor permeable, allows proper curing of new floors. One roll equivalent to ten sheets of masonite.
