

Visit www.grip-rite.com/jamfree for complete terms and conditions and claim forms.

Collated nails and collated staples marketed under the GRIP-RITE® brand are guaranteed to properly load, feed, and actuate in all brands of tools designed to operate with that specific fastener type.

If you are the original purchaser and not 100% satisfied with the jam free performance of your GRIP-RITE® collated fasteners, please return to the retailer where the fasteners were purchased and ask for a refund or replacement.

If the retailer's return/refund/replacement policy window has expired, the GRIP-RITE® Jam Free Guarantee™ extends our commitment of consistent jam free performance for a full 6 months from the date of purchase. If you are the original purchaser and your GRIP-RITE® collated fasteners fail to load, feed, or actuate properly in any brand tool designed for the specific type, size, angle, and gauge fastener purchased, you may submit a claim directly to PrimeSource Building Products for replacement product.

When submitting a claim, please follow these instructions:

Completely fill out the included GRIP-RITE® Jam Free Guarantee™ Claim Form, include a copy of the store identified sales receipt with the purchase price circled, two sample strips of the collated fasteners, and mail to the address located on the claim form.

The claim form can be found on the opposite side of this sheet, and can also be downloaded from our website at www.grip-rite.com/jamfree

Once the claim form, original receipt, and fastener samples are received, the fasteners will be tested. If testing verifies that the fasteners are faulty, the claim will be processed. In some cases, additional verification, and/or additional samples may be required prior to processing.

Name/Nombre _____
Address/Direccion _____ Apt/Suite # _____
City/Ciudad _____ State/Estado _____
